with the assistance of the
Millennium Bureau of Canada

Trails for Life Project

Thanks to the generosity of the community, a successful fundraising campaign resulted in the construction of a 9.5 kilometre paved multi-use recreation trail which links the community from one end to the other, and is accessible to all citizens- regardless of age, income or physical ability.

“Trails for Life” was adopted by Orillia as its Millennium project. Now there is a permanent path winding its way across Orillia. It brings people closer to the natural beauty and heritage of our City.

The names of those who donated funds for the construction of this segment of the Trans Canada Trail are recorded on the pavilion in Tudhope Park. Donors who contribute to the maintenance and enhancement of this significant community investment will be recognized on similar panels at the Port of Orillia.

Should you wish to support the continued maintenance of this trail, please fill in this donation form or contact the address below.

SUPPORT OUR TRAILS FOR LIFE

Together, our community made it possible to build the paved millennium trail to complement the existing Lightfoot Trail. Now, the Trails for Life Committee needs your help to maintain and enhance this project.

Annual maintenance involves such activities as:

- Spring and Fall clean-up;
- Trail signage repairs and replacements; and
- Grade and repair sides of trail, including embankment supports.

Capital enhancements may include horticulture and arboriculture, additional safety features, pavement replacement and future trail expansion.

We need your contribution to support these and similar projects. Contributions of \$50 or more will receive recognition on the donor pavilion.

Yes, I/we wish to make a donation in the amount of \$ _____ to support the Trails for Life Committee.

Please send a tax receipt.

Donor's Name: _____

Address: _____

City: _____

Prov: _____ Postal Code: _____

Telephone: _____

Name(s) to appear on trail (maximum 25 characters per \$50 contribution)
